1. First Section

This is first test paragraph.

```
<indexterm>  
<primary>foo</primary>  
<seealso>bar</seealso>  
</indexterm>  
<indexterm>  
<primary>bar</primary>  
</indexterm>  
<indexterm>  
<primary>baz</primary>  
</indexterm>
```

2. Second Section

This is second test paragraph. We're testing identical `indexterms` with two different `seealsos`.

```
<indexterm>  
<primary>foo</primary>  
<seealso>baz</seealso>  
</indexterm>
```
