# Article wrapper

Simple cell spacing test. The following single-column table should show both cell contents starting at the same place.

CALS:

|               |
|---------------|
| First entry.  |
| Second entry. |

HTML:

|               |
|---------------|
| First entry.  |
| Second entry. |
